

VIPL Riptide fees – What they provide

U14 and U15 Boys and Girls 2020/2021 Season

The Riptide is a not-for-profit program organized and operated by the Upper Island Soccer Association, and supported by a Steering Committee and Member Clubs (*CRYSA, CVUSC, PHYSA and PRYSA*). The Riptide provides a positive character-building sporting experience through a high caliber soccer program. As a member of the Riptide program you are supported directly by dedicated volunteers and professional staff. Registration with your home club and the Riptide offers access to play in the *VIPL* at the second highest caliber in the *BC Soccer League Play Pathway*, on teams with highly motivated team officials.

Registration with your home club accesses their resources, volunteers, and infrastructure.

Clubs provide equipment, fund and schedule officials, and schedule game fields.

Club fees also include registration with BC Soccer to access insurance, Provincial competitions, funding towards tournament play, and coaching courses.

Most importantly registration with our clubs helps ensure their continued financial success - Success that builds the infrastructure, turf fields and clubhouses that we all rely on.

Fee Structure

U14 and U15 boys and girls \$1000

10-month program fee: April-June and September - March

\$500 Initial fee payable April 7 / May 7

\$500 payable in 5 monthly instalments (Pre-Authorized Debits only) July - November

U14 and U15 Initial Fee:

- Cheque post-dated to April 7 (or 2 equal instalments post-dated April 7 and May 7)
 - Payable to *UISA (Upper Island Soccer Association)*
- Optional payment method by e-transfer prior to April 7
 - send to UpperIslandSoccerOffice@gmail.com, with the security answer set to Riptide2020

**Cheques from players not selected for VIPL Riptide will be destroyed / Cash payments will be refunded*

Players selected for the VIPL Riptide must also register with their home club and pay their home association fees with the exception of the North Island district players – These players will register directly with Upper Island Soccer Association..

Please refer to your home club website for registration dates and fee amounts.

Club Kit: Sizing for club kit will take place after team selection; with payment being collected in September

Riptide Cancellation Policy:

- Program Fees - All refunds subject to a \$50 admin fee – unless a team folds or a player is removed by the team/program.
- Refunds available up to May 1; Partial refunds available up to October 1 if a player leaves the Riptide program (quits their Riptide team).
- After October 1, refunds issued for medical reasons only.
- No refunds for Club Kit.

The Riptide program is operated by volunteers with support from the UISA staff and the Riptide Technical team. Our volunteers, coaches, team managers and steering committee members have no expense allowances or honorariums. All player fees contribute to the operation of the program; no profit is sought and all revenue is spent on the Riptide.

Registration fee per player is broken down as follows:

<i>The Riptide 10-month Program</i>		
\$40 Hardship Fund		\$30 Gala ticket
\$40 Coaches Kit		\$55 Riptide initiatives
\$100 UISA Administration		\$125 Academy Fields / Equipment
\$25 Team funds - paid directly to each team		\$585 Technical Director and Technical staff

Hardship Fund

This fund assists families in need with registration fees and on occasion helps players attend tournaments or Provincial Championships. Most Hardship funds are used annually; any money left over is moved to next year's general revenue. *The fund is evaluated annually to ensure priorities are met and the amounts collected are appropriate.*

Coaches Kit and Equipment

Coaches are outfitted with team clothing when they first start, then only as needed. The remainder of this fund goes into equipment.

UISA Administration Fee

The UISA staff perform over 800 hours per year directly for VIPL and Riptide. Their tasks include; scheduling, coordination of league & cup play, communications, all financial functions, Gala & Academy planning and support, meeting minutes, and tryout registration. *The UISA staff track hours worked on the two UISA VIPL franchises. This is evaluated annually to ensure appropriate & sufficient funding.*

Team Funds

Teams receive \$25 per player to use toward team events, travel, and tournament registration. Teams may also apply for a tournament fee from member clubs. In addition, any sponsorship funds solicited by the teams go directly to the team.

Gala

The ticket cost of the Gala for players is included in their VIPL Fees

Riptide Initiatives

This cost goes towards maintaining the standards of our technical team and supporting other Riptide initiatives such as Bursaries, guest speakers, and match analysis.

Technical Director Fund

From this fund, Riptide contracts a Technical Director on a yearly basis. The TD is responsible for implementing and executing weekly development and training sessions through league & cup play and Academy; player education series; match analysis; monthly training in Powell River; overseeing trials and evaluations; conducting Coaches and Team Manager meetings and communication; analysis and advocating for players with Universities and BC SPL. In addition, corporate sponsorship supplements the Technical Director fund and provides technical training staff and equipment for the program.

Academy

The Spring Academy is non-game based and devoted to developing technical ability and the application in small-sided play within a less competitive environment. We believe this environment is critical to the overall development of high performance players as it allows them to develop the more creative side of the game. It also enables players to hone the key technical components of the game to a degree not possible during the months of game-focused play.

Conclusion

Riptide is supported by many volunteers and a small number of professional staff. All are dedicated to improving and growing the Riptide. All funds collected go towards supporting the players, coaches, technical staff and steering committee to meet our goal of providing a positive character-building sporting experience through a high caliber soccer program.
